

## **EMERGENCY SERVICES (RESCUE 1122)**

### **VISION**

Safer communities where all citizens are provided the right to timely emergency response and care without discrimination.

### **MISSION**

Establishment of an effective system for emergency preparedness, response, protection & prevention while contributing towards building socially responsible, healthy, resilient and safer communities.

### **KEY OBJECTIVES**

- Provision of the right to timely emergency care by providing quality emergency service as per International Standards.
- Undertake research to recommend evidence-based measures to related organization for prevention of emergencies.
- Contribute towards establishment of socially responsible community emergency response team through awareness, enrollment, training & organizing volunteers for emergency preparedness, response and prevention.

#### **Strategic Interventions & Achievements**

- The Government, instead of making haphazard intervention has established Pakistan's first pre-hospital emergency management systems in all District Headquarters of Punjab.
- Punjab Emergency Service has been established for professional management of emergencies such as accidents, buildings collapse, explosions, fires, hazardous material incidents and disasters under Punjab Emergency Service Act, 2006.
- The Service was established as a pilot project at District Lahore and then expanded to all Districts in phased manner. In first phase, 10 Major Districts including Tehsil Murree were covered and subsequently the Service in remaining 25 Districts was made functional.
- Currently, expansion of Service in all Tehsils of Punjab is underway and 89 Tehsils & urban Towns of major cities have been covered so far. Similarly, remaining 90 Tehsils / urban towns have also been taken up in last ADP.
- Presently, the Punjab Emergency Service has rescued over 6.786 million victims of emergencies and maintained its average response time of 7 minutes in all

Districts of Punjab through Emergency Ambulances, Rescue & Fire Services and saved losses worth over billions of rupees.

- The above response time also reduced up to 3 to 4 minutes in all divisional headquarters of Punjab with the introduction of Pakistan's first Motorbike Ambulance Service.
- The sustainability of the Emergency Services Reforms has been ensured through the enactment of Punjab Emergency Service Act, 2006 which clearly defines the role, functions and responsibilities of the Rescue 1122 Service thus establishing an effective system for emergency preparedness, response and prevention.
- Purpose built campus of Emergency Services Academy was made functional for the sustainable Human Resource Development and to meet international standards for training. This Academy has been strengthened through the provision of new class rooms, mosque and approach road in last ADP.
- The Emergency Service in District Lahore has also been strengthened by the provision of two snorkels (with height up to 104 & 70m) to manage emergencies in high rise buildings.
