

SPECIAL EDUCATION

Government of the Punjab supports Special Education and is committed to enhance enrolment and learning ability of special children in the Institutions / Centers of Special Education in Punjab through provision of additional educational services, use of technology, specialized teaching aids, accessible infrastructure, and psycho-medical services. Further, the Government will continue to focus on quality education, access and coverage of children with special needs through conducive learning environment.

VISION

To provide education, training, rehabilitation and vocational skills to children with special needs so that they can actively take part in socio economic activities and live a better life as responsible citizen of the state. It will lead to fulfilment of the United Nations mandate under Sustainable Development Goal (No. 4) to provide inclusive and equitable education facilities for all.

OBJECTIVES:-

- To increase access and enrolment by establishing New Special Education Centres, Schools and Colleges in rural & urban areas across the province.
- To ensure 100 % coverage of children with special needs by 2030.
- To encourage female enrolment by providing enabling environment.
- Outsourcing of Special Education services to involve private sector for maximum coverage.
- To launch specific and targeted awareness campaigns.

STRATEGY:-

To realize the immense challenges of bringing all children with special needs into schools, the Government developed a three pronged strategy of inclusion, mainstreaming and segregation to empower children with special needs for meaningful and independent living. This strategy is being implemented through:

- Establishment of Special Education Centres at Tehsil / Town / District Level in Punjab to cater for special challenges to learning which include visual &

hearing impairments, slow & difficult learning processes, and physical & mental handicaps.

- Establishment of Degree Colleges of Special Education.
- Bifurcation of Secondary Schools of Special Education to improve enrolment of girls, as gender is a crucial factor. Girls with disabilities are less likely to get an education, receive vocational training or find employment than boys with disabilities.
- Up-Gradation of Schools / Centres of Special Education, from Middle to Secondary & Secondary to Higher Secondary Level.
- Improving enrolment of special children in the Institutions / Centres of Special Education in Punjab through improved facilities (i.e. Provision of Teaching Aids/ IT Equipment / Transport / Furniture & Fixture etc.)
- Provision of disabled friendly buildings (academic blocks consisting of ground floor, 1st floor, ramps, accessible toilets etc)
- Awareness campaign among the masses through print and electronic media and provision of guiding material through seminars / symposium / workshops.

STRATEGIC INTERVENTIONS

Sustainable development starts and ends with safe, healthy and well-educated children. Children with disabilities have the same social needs, interests and rights as any other child. Therefore, Government is following an equity based strategy with an emphasis on the most disadvantaged excluded children and translates this commitment into concrete action through:

- Construction of Buildings of Special Education centers in Attock, Jhelum, Gujrat, Multan, Kasur, Bahawalpur, R.Y Khan, Vehari, Rawalpindi, Chakwal, Gujranawala, Lahore, Sheikhpura, and Okara districts (Cost: Rs 1715 million)
