Subject: Executive Master's in Public Policy and Governance

It gives me pleasure to inform you that the *Centre for Public Policy and Governance (CCPG), Forman Christian College (A Chartered University) (FCCU)* is celebrating *nineteen years of service* to the cause of facilitating higher education and thought leadership. In Fall 2009 we launched our **Executive Master's in Public Policy and Governance**, specifically designed for **mid career professionals** in public service, governmental and non governmental organizations and the private sector. Over 100 participants have since graduated from this program, out which **over twenty were officers of the Government of Punjab**. The testimonials of our alumni verify that they are extremely satisfied with the exponential learning outcomes and apply the knowledge gained, on daily basis for benefit of the people of Pakistan.

The Executive Master's is a **HEC recognized**, evening program (4:30-7:00pm), comprising three semesters. The first commences in September, second in February and third in June and the program lasts till August. In third semester, the students research and write a thesis on matters relevant to public policy and effective governance.

We are pleased to inform you that the **Rector of FCCU** has graciously approved a **50% tuition fee concession** for officers from the **Government of Punjab**, as a contribution toward the noble goal of expanding access to quality education.

Through your esteemed office, we encourage eligible officers to take advantage of this unique opportunity to strengthen their public service capacities and improve policy outcomes in the province.

Further details about the program can be found at: cppg.fccollege.edu.pk

We deeply value your continued support and look forward to your collaboration in promoting this initiative.

Sincerely

Dr. Noel Khokhar HI(M)
Director Centre of Public Policy and Governance
Professor of Practice, Former Ambassador & Major General (r).
