DIRECTOR

✓ The Chairman,
Planning and Development Board,
Old P & D Building, Opposite Civil Secretariat,
Lahore

السَّلَامُ عَلَيْكُمْ!

Dear sir,

The world is witnessing rapid advancements in technology, transforming how projects are conceived, executed, and managed. In the era of AI-driven analytics, digital collaboration platforms, and 3D design tools, effective project management has become a cornerstone of organizational success. Pakistan must swiftly enhance its capacity and adopt adaptive strategies to fully harness innovations and integrate modern methodologies into its project management framework. The Executive Development Institute (EDI) of the National School of Public Policy (NSPP) is offering a Two Days' Training Workshop on "Project Management" on 2nd July – 3rd July, 2025.

The Training Workshop aims to equip officers, executives, and engineers from public and private sector entities with the essential principles of project management, integrating technology-driven solutions for efficiency and precision. Participants will learn to leverage digital tools to manage stakeholder expectations, control costs forecasting, mitigate risks using predictive modeling and data insights. We invite nominations from Federal and Provincial Governments, their Corporations, Regulatory Bodies, Authorities, Attached Departments, Private Sector and the Civil Society, including Academia. The training will be delivered by a team of highly qualified practitioners, trainers, and academicians, and will include classroom discussions, case studies, and group work.

The course fee is PKR. 75,000/- (*exclusive of all applicable taxes*) per participant. Please note that the course will be conducted **in person, and EDI will not provide residential facilities for this course.** Kindly send your nominations via email to qaiser.nspp@gmail.com or by post to Director EDI, NSPP, Shahrah-e-Quaid-e-Azam (Mall Road, Lahore) by 25th June 2025. For any clarification, please feel free to contact Mr. Qaiser Mehmood, Deputy Director (Programme), at 0335-2225155.

We look forward to your participation.
